

Coin Trail

A coin trail competition took place on 21st of October 2011 to raise funds for the Portlaoise College Gambia trip.

During the week leading up to the competition students from 1 Ash, 1 Oak, 1 Elm, 2 Suir, 2 Ennel and 2 Derg collected all their spare change and gathered it up in buckets during tutor time.

On the day of the competition each tutor group had to place their coins in a straight line from one end of the hall to the other.

Students from each tutor showed great organisational and teamwork skills in trying to get their coins lined up. However in the end 2 Ennel had the winning line with a coin trail of 2.5 times the length of the gym.

The prize for Ms Duggan's 2 Ennel was a weekend off homework and a box of celebrations. Special mention must go to Brendon, Kyle and Dylon.

On behalf of all the Gambia students we would like to thank all first and second year classes, tutors and year heads for raising a massive €430.
